A KANSAS editor says: "Mrs. Jones called this morning and laid a dozen eggs on our table." That was certainly a most phenomenal occurrence, but then it happened in Kansas, you know.

"We," remarked a Missouri editor, "are getting tired of the insurance business. When a man dies nowadays the first thing they ask is: 'Was he insured and for how much?' The papers also generally wind up the obituary with the amount of insurance. Soon obituary notices will read about like this: 'Peter Jones died and left a wife and two children. Loss fully covered by insurance.' Or if the deceased is not insured it will read about as follows: 'John Smith is dead. He leaves a wife. Total loss, no insurance.'

LIMBURGER cheese laid away in cupboards and refrigerators will drive away ants, says an exchange. It will drive the dogs out of a tanyard; it will drive a mule through a barbed wire fence; it will drive a herd of cattle over a precipice; it will drive a tramp from a good meal; it will drive a negro from a hen roost; or a man into insanity who stays ten minutes within five feet of its unsavory presence; yes, sir, it will drive away ants and fleas, and if we had any cousins that it would not drive away, we would be tempted to disown them. And yet men sit down and eat it.

The Frankfort, Ky., Journal says: "Mr. Arthur Goebel, brother of the late Gov. William Goebel, arrived in the city Tuesday night, and was in conference with Commonwealth's Attorney Franklin and other representatives of the prosecution in the Howard case. He remained in the city Wednesday. It is understood the prosecution will be ready for trial when the Howard case is called at the term of court which convenes here in January. It is now said to be nearly certain that Judge Cantrill will not sit in the case on account of his candidacy for United States Senator, which he will at that time be presenting to the Legislature. Mr. T. L. Edelen, the well-known local attorney, is mentioned for special Judge, and if Judge Cantrill does not sit it is next to certain that Mr. Edelen will be elected by the bar to try the case. He is a Republican, but is said to be entirely satisfactory to both sides. There is a tip that the defense will again ask a continuance. The prosecution claims now to be able to make out a stronger case than on the former trial."

Religious.

For the first time in more than a quarter of a century the two synods of the Presbyterian Church in Missouri are holding a joint meeting.

Elder Willis will preach at the Christian Churches at Mt. Carmel, Bourbon county, and Falmouth this year.

The Presbyterian congregation at Winchester at a special meeting called the Rev. W. E. Cumming, of Baltimore, to become their pastor. The membership is small, but composed of some of the best people. They recently paid off a debt of over \$20,000.

The late converts to the Christian church in this city will be tendered a reception at the church to-night from 7 to 10 o'clock. Short addresses will be made by President Jenkins and Elder Lloyd Darris. A musical program has been arranged and light refreshments will be served. All members of the church and their friends are invited.

Repairing Neatly Done

Never thought of such a sign for a medicine did you? Well, it's a good sign for Scott's Emulsion. The body has to be repaired like other things and Scott's Emulsion is the medicine that does it.

These poor bodies wear out from worry, from overwork, from disease. They get thin and weak. Some of the new ones are not well made—and all of the old ones are racked from long usage.

Scott's Emulsion fixes all kinds. It does the work both inside and out. It makes soft bones hard, thin blood red, weak lungs strong, hollow places full. Only the best materials are used in the patching and the patches don't show through the new glow of health. No one has to wait his turn. You can do it yourself—you and the bottle.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle.

You Do, or You Don't Need Glasses

The eye being a rather delicate organ, great care should be exercised in the selection of proper glasses. Many believe that glasses should be resorted to only when the sight becomes so defective as not to be able to do without. This is a great mistake which must be combated. Whenever there is unmistakable evidence of the need of their aid, they should be used. A neglect of this rule sometimes produces mischief which results in serious trouble if the course be persisted in.

Our Dr. C. H. BOWEN having just returned from taking a special course in Optics from one of the best specialists in New York, is prepared to do the best of work, having the latest improved methods of fitting. Examinations free. Next visit Thursday, Dec. 28, 1901.
